### **DETAILED ACTION**

This application is in condition for allowance except for the following formal matters:

#### ***Election/Restrictions***

Claims 59-71 stand withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on November 24, 2004.

The traversal is on the ground(s) that no serious burden would be placed upon the Office and that the inventions are not independent. This is not found persuasive because a serious burden would be placed upon the Office due to the different classifications of the inventions. Further, the distinctness of the inventions renders them independent for purpose of restriction.

The requirement is still deemed proper and is therefore made FINAL.

A complete reply to the final requirement must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
